

MAY 2020

DID YOU RECEIVE A PAST DUE NOTICE IN THE MAIL ? Please pay the past due amount by May 15th or call the City Office to make a payment arrangement before the disconnect date at 9:00am on Tuesday May 19th.

T-BALL/COACH PITCH SIGN UP TIME EXTENDED THROUGH MAY

Sign-ups started Monday April 1st and have been extended through the month of May. Forms can be submitted online and you can pay online. Cost is \$35 per child. Apply and pay online at cityofenoch.org/events. The fee includes a hat and t-shirt. Games are scheduled for Tuesdays and Thursdays in June but may be rescheduled for a later date due to the Covid 19 pandemic. We are being optimistic and hope to be able to hold this event for the kids.

CEMETERY CLEAN UP

The City Public Works Department will be cleaning up the cemetery in preparation for Memorial Day on Monday May 25th. If you have placed decorations on the graves and would like to keep them, please pick them up by May 15th or they will be removed. We request that you place decorations on the headstone and cement areas supporting it so the lawn mowers can keep the cemetery looking nice in the summer. Please remove decorations when they look faded and unsightly. Anything planted in the grass area will be removed.

WATER CONSERVATION MEASURES

The City has instituted watering restrictions between the hours of **10:00am and 6:00pm** starting on May 15th through October 15th. We ask that you do not run your sprinklers during those hours. New lawns are exempt until well established.

NOXIOUS WEEDS

It is every landowner's responsibility to keep their land clean and free from "noxious weeds". The most prevalent "noxious weeds" in our area are thistle and white top. If you see these in Enoch City or have any questions, please call the City Office at 435-586-1119. Weed spray for noxious weeds is available at the City Maintenance Yard on 600 East. Bring your own sprayer filled half full of water. Spray will be given out at 8:00 am and again at 4:00 pm when the public works crew is at the Maintenance Yard. The spray will only be effective on young, small weeds. If they are larger, cutting them down and disposing of them would be of the greatest service to stop the spread of seeds.

**THE CITY OFFICE WILL BE CLOSED ON MONDAY MAY 25TH FOR
MEMORIAL DAY**

MESSAGE FROM UDOT ON SR-130 PROJECT

Thank you for your input at our recent Open House for the SR-130; Cedar City to Midvalley Road Project. Based on community input, the Utah Department of Transportation (UDOT) has decided to modify the original plans and add 4' shoulders to each side of SR-130 from 3000 North through the Midvalley Road intersection. These changes will promote Active Transportation and require additional funds and time to design. The UDOT Right of Way Division is currently working with property owners near the proposed roundabout at the intersection of SR-130 and Midvalley Road. This detailed process has been impacted by the 'Stay at Home, Stay Safe' initiative but progress is being made. Due to these developments, major construction on this project will begin in spring 2021. In summer 2020, utility work will be done in preparation for this project. A separate UDOT Project to remove 2" of existing asphalt and place new asphalt pavement from Canyon Ranch Drive to 3000 North on SR-130 and on I-15 from exit 62 to Summit will begin later this spring. This project will also upgrade access tie-ins, shoulders, bridge rehabilitation, signage and other improvements. Both projects are funded entirely by UDOT and not Enoch City. Additional information can be found at udot.utah.gov/go/sr130. Contact the Public Information Team at 435-531-1358 or sr130@Utah.gov.

The City dumpsters are available during regular business hours Monday through Thursday. We close at 12:30pm on Friday. No construction waste may be dumped.
